

ROLTRON 505B

Scrubber dryer with batteries ideal for medium space and floor

- automatic advancing (electric powered traction)
- removable recovery tank
- Great manoeuvrability thanks to an optimum weight distribution
- maximum strength, polyethylene high density tank
- water recovery drain hose
- High quality and performance vacuum motor
- waterproof and intuitive control panel
- Constant Weight System
- simple access to internal componens
- Brush and squeegee replacement without tools
- Brush control with automatic “delayed” stop
- Huge solution tank capacity in minimum external space
- Anti Foam System
- Extensive running time
- Solution distribution from brush center

Equipped with nylon brush and batteries

Maximum productivity
1800 m²/h

intuitive control panel

removable recovery tank

high performance squeegee with low maintenance cost
